Trysull and Seisdon Parish Council

Happy New Year

We wish you all a Happy and Healthy New Year! And we trust everyone had a splendid festive holiday enjoying that precious time with friends and family.

Thank you to all those who have thanked us for the Christmas Tree Lights again and it was great to see a delightful band of enthusiasts who were able to join us at the 'Switch On'.

We also hope all households enjoyed receiving our gift of the Parish Calendar and our thanks, again, to all who entered and sponsored this publication. A splendid effort by all involved.

Looking forward we have much to celebrate too. The Coronation of Charles III has now been announced and will take place in early May. Plans are in their preliminary phase to have a 'Big Screen' airing of the live event at All Saints' Church. Add the layer of food and refreshments during and after the event then this should provide for a very memorable party!

A summer event is also being considered following the success of the Jubilee celebrations last year. As always, we are keen to encourage anyone who would wish to become involved in the planning and organization of such events. Look out for the 'Parish Meetings' where these events will take shape. These meetings will be advertised on our web-site so please come along, join in and become part of the team. All will be made most welcome.

2023 will be another year that benefits from our continuing 'visual improvements' programme. As well as additional street furniture that will include new Parish notice boards, we are also hoping to make progress on the planned 'Sensory Garden'. Participation in this years Best Kept Village competition also remains on our agenda as does the focus on achieving a Quality Standard Award.

If you have any ideas of your own for any parish improvement or projects you would like to see implemented, then again, please come along and share your ideas with us.

The Parish has our assurances that we will remain a pro-active body and will continue to promote the particular needs of our Parish by developing relationships and working with the service providers and Councillors in higher tiers. Our attention to Parish planning matters will too remain, assuredly, steadfast as indeed will any other issue having an effect on the Parish.

And I' am delighted to say these are not new resolutions!

All the very best for the New Year from all on the Parish Council.

Chair - Andrew
