

## PARISH COUNCIL CORONAVIRUS SUPPORT GROUP

We are again in lockdown and wish to offer help and support to fellow villagers. If you need help or have a neighbour, friend or acquaintance in the village who needs help and/or support, please contact one of the following:

Tony	07854 229179
Harriet	07760 216236
Jacque	07846 507495
Revd Richard Fisher	01902 476843

If as a villager, you wish to be included in this list please contact **Jacque**.

We are looking for volunteers to help with food delivery, telephone companionship, walking dogs, or assist with any other task that people normally do on a daily basis but cannot because of immobility or isolation.

There are a significant number of villagers who live on their own or who are vulnerable. If you live next door to such a person we would ask you to phone them on a daily basis or contact one of the names above so they may do so.

If you can act as a volunteer please let one of the above know and how you are willing to help. You will need to give your permission for your details to be passed on. Remember - take precautions and stay safe.

We are lucky to have Ammo at the Village Shop who has offered to try and cover villager's needs for food and household requirements. If you are self-isolating and have a list of what you need you can phone her in advance on 01902 892251. You can then park outside the store and put a bag outside the car she will bring the items out you and put them through a car window. A contactless card payment can then be used to pay for the goods.
